RALPH W. STERLING, PROP.

Formerly W. W. Sterling & Son

Cutchogue, L. I., Suffolk Co., N. Y.

FOREWORD

To my Friends and Patrons:—

I extend to you all a hearty greeting for the year of 1921. I wish to thank you all for the business of 1920 and of previous years.

My sincere wish is that your business dealings with me in the past have been profitable and pleasant and of such a nature as to lead to future business. My aim is to satisfy my customers.

What we are all after is good, reliable Seeds, Plants, Insecticides, etc., and that is what I am doing my very best to supply you with.

Burpee's Garden and Field Seeds are the best and most reliable seeds that we can buy. I have found that out in over 20 years' experience. I always mention the fact when any of my seeds come from any other source than W. Atlee Burpee Co.

My Grass, Clover and Alfalfa Seed comes from The Nungesser, Dickinson Seed Co., the most reliable Grass Seed House in this country. Be sure and get your analysis of purity and vitality before purchasing your grass, clover and alfalfa seed, and compare the price on that basis. I always order the very best grade.

My Cauliflower and Brussels Sprout Seed gave very good results last year, and you will make no mistake in buying, at least part of your needs, of me this year. This seed will be treated for Black Stem.

Seed Potatoes are plentiful this year, but you cannot be too careful in buying your seed, as you must remember that after using quantities of high-priced fertilizer, the best of land and any amount of labor, if your seed is diseased, you might better have let the land lie idle.

My Maine Cobblers are very choice, as are the State Mills Prize that I am selling.

My Home Seed is saved from a very fine crop, from fields that were carefully sprayed. You can have Seed grown from Vermont Seed or Wisconsin Seed as you wish.

Remember that my seed, grown from Vermont stock, won the Farm Bureau test held at Wainscott in 1919. And seed was there from all the Northern States and Canada. Last year the Farm Bureau would not allow me to compete, as all seed in the contest had to be certified.

Fordhook Bush Limas paid big last year, better than Potatoes in a good many cases. My seed is the very best I can get on the market, testing 88% germination. Come and look them over and give me your order for what you need. Remember that I have always filled my orders 100%, and that it is not necessary to order double what you need to be sure of having enough.

Asparagus Roots and Strawberry Plants are two of my specialties. The Washington Asparagus is considered by the U. S. Department of Agriculture the very best variety produced so far. The Reading Giant has established a reputation of its own around here. I have many testimonials as to the fineness of this variety in this section.

My Strawberry Plants never went into Winter quarters in better shape. Have more Corsican and World's Wonder than ever before. These are the two sweetest and largest varieties. Try a few Dr. Burrill as they were the most productive of the medium earlies. And if you are not sure what variety does the best on your soil try out a few kinds every year until you find the most satisfactory, as the kinds that do well for me may not be at all suitable for your soil and conditions.

I raise thousands of Hotbed, Cold Frame and Field Grown Plants and if you are in need of any of these, I would be pleased to supply you.

Vreeland's Arsenate of Lead is the best quality Lead that I have been able to find. It kills the bugs, clean, if given a chance. Get my prices before buying elsewhere, and also consider that two or three lbs. of Vreeland's is as effective as 4 to 6 lbs. of some other kind.

Park's Strain Barred Plymouth Rocks is one of the heaviest laying strains of poultry in existence. The Eglantine Farm has developed one of the heaviest laying strains of Leghorns. I am breeding both strains and would be glad to supply you with Hatch-ing Eggs, Baby Chicks or Breeding Stock in season.

And so I ask you, one and all, new customers and old, to look this little book over carefully, and compare quality, prices and assortment, taking into consideration my prompt and courteous treatment, with what you can get elsewhere, and thereby be convinced that you will do well to place your business with me. My aim is to satisfy my customers, and all complaints are carefully considered and if I find I am at fault I do my best to rectify same.

So send in your orders and be convinced that it pays to trade with the Sterling Seed, Plant and Poultry Farm.

Thanking you again and wishing you all the very best success for 1921, I am,

Yours most sincerely,

RALPH W. STERLING.

SEED DEPARTMENT

Instructions

Send cash with your order. This saves bookkeeping, bother and worry, and is the most satisfactory for all parties concerned. Of course we do give credit to reliable parties, but that is a matter of correspondence.

Postage is prepaid on all seeds by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by freight or express. If desired to be sent by Parcel Post add 5c per lb. extra in the first and second zones, and 1c extra for each additional lb., allowing 1 lb. extra for weight of package.

Half lbs. will be sold at lb. rates, half bu. at bu. rates.

No charge is made for packing or packages except in selling seeds in bulk. A charge of 50c each will be made for the 2 bu. seamless bags. These may be returned if in good condition and the amount paid will be credited on your account.

Remember, We Sell Burpee's Garden and Field Seeds for less money than you can buy them elsewhere. We always mention it when any of our seeds come from other sources than from W. Atlee Burpee & Co.

ASPARAGUS SEED

Reading Giant. Large, Extra Fancy.
Washington. Developed by the U. S. Dept. of Agriculture. Large, prolific and of fine quality.
(Price on application.)

ASPARAGUS ROOTS

Inoculate your garden and Lima Beans with Mulford Cultures for best results.

Peconic, L. I., Dec. 20, 1920.

Mr. Ralph W. Sterling.

Dear Sir:—From the 2 acres of Fordhook Bush Limas raised from your seed this year I realized over \$800.00. Some bags sold as high as \$5.50 and the last planting came up perfectly.

Sincerely,

GEORGE R. LESLIE.

Cutchogue, L. I., Jan. 22, 1920.

Mr. R. W. Sterling.

Dear Sir:—The Fordhook Bush Limas Mr. Fleet bought of you last year did fine. I am moving to a 120-acre farm in New Jersey and will want 3 or 4 bu. for planting this season.

Sincerely,

ALEX

Favorite, fine for canning10	.50
Manyfold, very prolific10	1.00
Stone, best for canning10	.50
Globe, Livingston's best10	.50

Always have plenty of fine Tomato Plants in season.

Remember that I prepay Postage on Seeds by the Pkt. Oz. and $\frac{1}{4}$ Lb. Seeds in larger quantities need 5c per lb., 10c per 4 lbs. additional to list prices.

SEED OATS

Use 2 to 4 Bushels to the Acre

Very heavy Oats do not go so far as light chaffy seed, but yield a great deal better.

Scottish Chief, from a Northern Grower, heavy Bu of 32 lbs \$1.50

SEED POTATOES

Use 3 to 5 Sacks to the Acre

My Seed Potatoes are very choice this year. The Cobblers were grown in Maine, were inspected twice in their growing season and found to be good, pure stock, quite free from disease.

My stock of State Mill's Prize is Certified Seed. Just to look at them makes one want to plant them.

My home grown seed was raised from new seed last year. The fields were carefully sprayed and yielded from 275 to 350 bu. per acre. I am sure it will please you. Don't forget my home seed won the Farm Bureau Contest at Wainscott, season of 1919. Yielded at the rate of 286 bu. of salable potatoes and 20 bu. of culls, showing only 6% Mosaic and 8% Leaf Roll.

Prices are variable and liable to change without notice.

Seed is more plentiful this year so send your orders in and I am quite sure I can fill them entire.

Last year I had to return a lot of money altho I filled all the orders I possibly could, using up nearly all of my own private stock so that I had to go out and buy more for myself at about double what I sold my own stock for.

A charge of twenty-five cents will have to be made on the sacks, as that is what they cost me. But I will be glad to refund the money on the return of the sacks in good condition, or will credit your account with the amount.

Mr. Ralph W. Sterling.

Dear Sir:—I received potatoes and box to-day. The potatoes sure are fine, as good as any I have seen this year and better than most. I hope that you will get the oats and peas soon. Yours truly,

FRANK W. PANUSKA.

Yaphank, L. I., Jan. 28th, 1918.

Wm. W. Sterling & Son.

Dear Sirs:—The Mills Prize Seed Potatoes I bought of you last season were the best I ever bought. They came up perfect and outyielded all others.

Very truly yours,

DAVID JONES.

GRASS—CLOVER AND ALFALFA SEED

Prices liable to change without notice. Terms strictly cash. I buy the very best grade of Grass, Clover and Alfalfa Seed on the market from the Nungesser Dickinson Seed Co. and sell as reasonable as the highest quality recleaned seed can be sold.

My hay mixture, for 1 acre, is 11 to 12 lbs. Timothy sowed with wheat in the Fall, and 5 lbs. Red Clover mixed with 3 lbs. Alsike, to be sowed the following Spring. In sowing alone use the same mixture, adding a little more Timothy, and sowing in August or September. Without Clover use 15 to 18 lbs. of Timothy to the acre. Use a little Lime if your land is sour.

Seamless bags, holding 125 lbs. or more, 50c extra, returnable. Purity and Germination percentages on request.

For a good permanent lawn, use 1 Pound Lawn Grass seed to 400 square feet; 80 to 100 lbs. to the acre. For reseeding an old lawn or a poor catch use half that amount.

Inoculate your clover and alfalfa with Mulford Culture and be assured of success.

Eastport, L. I., March 14, 1920

Mr. Ralph W. Sterling.

Dear Sir:—The Seed Potatoes I got from you last year were your own and they did better than any seed I have had on this farm. Your Clover and Timothy has yielded very good, as I had a fine catch and this farm is all new land, and hard to get a good stand of clover.

Trusting you have had a good season, I am,

Very truly yours,

T. W. HALLOCK.

Peconic, L. I., Jan. 14th, 1920.

Mr. Ralph W. Sterling.

Dear Sir:—I used the Mulford Culture on part of my Lima Bean seed last season and found that the inoculation increased the yield at the first picking about 1 pk. to an 18-rod row. As the beans were selling then at \$3.50 per bag I considered that it paid me to use the Culture. Yours truly,

D. V. HOWELL.

MULFORD CULTURES

Inoculate Your Legumes—Lima Beans, Peas, etc., with Mulford Cultures and see the increase in your crops.

Mulford Cultures have been tested out by many of our customers and I have received many good reports. These Cultures are the very best that science can produce as the Mulford Co. manufacture all the vaccines, etc., for the United States Government.

There is a different Culture for each of your different crops, so be sure to state what you wish to inoculate. If you haven't tried any of these cultures and been convinced that it pays to use them, try them out this season. It pays to use them.

Garden size bottles for Peas, Beans, Lima Beans, Sweet Peas, etc., 35c a bottle. Full directions in each package.

$\frac{1}{4}$ Acre size for Lima Beans, Alfalfa, Red Clover, Alsike Clover, etc., 75c per bottle.

Each

1 Acre size bottle	\$1.50
5 Acre size bottle	5.00

Booklet telling all about these cultures sent free on request.

Peconic, L. I., Jan. 14th, 1920.

Mr. Ralph W. Sterling.

Dear Sir:—I used your Mulford Cultures last year on Sweet Clover, Alsike Clover and Lima Beans.

It helped the growth very much on the Clover and nearly doubled the yield on the Lima Beans.

Yours sincerely,

GEO. W. GRATHWOHL.

Remember Burpee is headquarters for the best in all kinds of Flower and Vegetable Seeds. Write to me for a 1921 Burpee Catalog.

For a list of my Flower Plants see Page 24.

Mr. Ralph W. Sterling,
Cutchogue, L. I.

Dear Sir:—We have always found your seeds and plants of first quality and have received them in fine condition. It is a great convenience to get plants so near at hand that they are as fresh as if transplanted from one part of the garden to another.-

Yours truly,
CLARA LOUISE LAWRENCE.

PLANT DEPARTMENT

Plants are one of my specialties, raising them in hot beds, cold frames, and in the field. Customers are invited to come and look my plants over and be convinced that it pays to buy of me. My prices are as low as I can make them, consistent with the quality.

50 of one kind will be sold at 100 rates; 500 of one kind at 1,000 rates. Labor is so high I cannot make up an order of one or two hundred of three or four kinds and sell them at thousand rates.

We pack our plants in wet moss, using the utmost care to keep the roots straight and the kinds separate, but not tying in bunches if we can help it as they carry better without tying.

All plants are shipped by Express F. O. B. Cutchogue station. Customers to pay transportation charges.

Plants by Parcel Post need 5c per doz., 20c per 100; 30c per 200, and 10c for each additional 100 to be added to the list price. Rhubarb roots and 2-year-old Asparagus roots need considerably more.

STRAWBERRY PLANTS—STERLING QUALITY

Our Strawberry Plants are well rooted, healthy and true to name. Here is a list of 23 different kinds to choose from and there must be a few kinds that will suit your soil and taste. If you want a large, sweet berry, try the World's Wonder or the Corsican.

Labor is so scarce and high it is impossible to make any special collection offer at any reduced prices, but I always try to put in good count and plenty of extra plants for a sort of "Thank you; come again."

Washington. A selected kind pro- duced by the U. S. Department of Agriculture and considered by them the best kind grown	\$.15	\$1.00	\$8.00
Reading Giant. Very large, quality15	.90	7.00
Reading Giant. 2-year-old roots	.20	1.20	10.00

Have a large supply of 2-year-old Reading Giants.

Weston, N. J., 1917.

Gentlemen:—I have used your Asparagus Plants for three years, setting about seven acres, and I take pleasure in recommending them to all asparagus growers. The roots were uniform in size, consequently an even growth over the whole field, making a three-foot growth the first season, and a seven-foot growth the second season.

The Reading Giant seems to grow large and tall, and for fancy asparagus I think will be the leader.

Yours truly,

JOHN M. HALLOCK.

POULTRY DEPARTMENT

Barred Plymouth Rocks, Parks Strain

S. C. White Leghorns, Sterling's Strain

I have a fine breeding pen of each of the above kinds and have only old hens in the Leghorn pens. I do not breed from Leghorn Pullets.

BARRED PLYMOUTH ROCKS

A choice selection of breeding hens and pullets mated to a \$12.00 pedigree cockerel purchased from Mr. Parks this year, a yearling cock bought of Mr. Parks last year and a very choice cockerel of my own breeding.

EGGS FOR HATCHING

Per setting of 15 eggs	\$2.00
Per 3 settings, 45 eggs	5.00
Per 100 eggs	9.00

I use utmost care in packing my eggs for shipment. A discount of 10% is allowed if the purchaser gets them at the farm in their own containers.

BABY CHICKS

Per 25 Chicks	\$ 7.00
Per 50 chicks	12.00
Per 100 chicks	22.00

My chicks are packed in strong, sanitary boxes and leave my hands in the very best condition. A discount of 5% will be allowed if the purchaser gets them at the farm in their own containers.

STERLING'S ANNUAL CATALOG

New Suffolk, L. I., Jan. 15th, 1920.

Mr. Ralph W. Sterling.

Dear Sir:—From the 250 Leghorn Baby Chicks and 200 B. P. Rock Baby chicks purchased of you last April, I have now about 225 fine pullets, as handsome as pictures.

Everyone who sees them says they are as handsome a flock of hens as they ever saw. They have fair through the Winter, considering the care they have had.

Will sell a few of them if I can get a fair price.

Sincerely yours,

G. FRED GRATHWOHL.

Shelter Island Heights, N. Y.

Cutchogue, L. I.

Dear Sir:—I received the Privet Plants all right last week and the 50 Leghorn Baby Chicks yesterday, and so far both are all O. K.

Thanking you for your promptness and trouble.

Yours truly,

CLARENCE R. SHERMAN.

Bridgehampton, L. I., Apr. 9th, 1919.

Mr. Sterling:

Dear Sir:—Baby chicks arrived in fine condition; every one alive and doing fine.

Sincerely,

ARTHUR EDWARDS.

April 4th, 1919.

Central Islip, L. I., June 2, 1920.

Mr. Sterling.

Dear Sir: The Chicks arrived safely and in good condition; thank you.

Yours truly,

MRS. V. HAHN.

Southold, L. I., Feb. 14, 1920.

Mr. Sterling.

Dear Sir:—Expressman has just been here and left the Rooster, for which I thank you. He is a pretty bird and I am very much pleased with him.

Sincerely,

MRS. R. WISEMAN.

S. C. WHITE LEGHORNS

My pen of White Leghorns are culled and selected carefully and is as fine a pen of breeders as can be found. Have mated a number of Eglantine Farm cocks and cockerels to these hens and the eggs for hatching and the Baby Chicks from this mating should bring the best results.

EGGS FOR HATCHING

From 2 and 3 Year Old Hens Only

Per setting of 15 eggs	\$2.00
Per 3 settings, 45 eggs	5.00
Per 100 eggs	9.00

Packed carefully in substantial carriers. A 10% discount allowed if the customers get them at the farm, using their own containers.

BABY CHICKS

Hatched from two and three year old Hens' eggs only. No pullets' eggs used.

Per 25 chicks	\$ 6.00
Per 50 chicks	11.00
Per 100 chicks	21.00

A 5% discount allowed if purchaser gets the chicks at the farm, using their own containers.

GUARANTEE

I guarantee the fertility of my eggs for hatching to be 60% in January and February; 75% in March and April, and 80% in May and June. They will probably run much higher than this, but if they do not, return the infertile eggs to me charges prepaid and I will replace them with good eggs or will refill the order at half price.

In selling Baby Chicks I guarantee full count and safe delivery anywhere on Long Island.

ORDER NOW

Orders for Eggs and Baby Chicks booked at any time, the earlier the better. A deposit of 10% of the entire order must accompany the order; balance can be paid 5 days before order is to be filled.

HOVERS AND BROODERS

Liberty Marvel Oil Burning Hovers are far ahead of coal burning hovers. If interested send for illustrated leaflet. If convenient, come look my stock over.

ARSENATE OF LEAD

Vreeland's chemically pure Arsenate of Lead and Calcium Arsenate. The finest and best grade obtainable. It does the work. Get my prices before buying elsewhere and even if they are a cent or more higher per Lb. consider also the satisfaction of doing a good clean job at the first application. This is what Vreeland's Lead does. Use only 2 to 4 Lbs. per acre.

Cutchogue, L. I., Jan. 12th, 1920.

Mr. Ralph W. Sterling:

Dear Sir:—I have tried the Kroemer strain of Cauliflower Seed and found it very good. Will want some of the seed this year.

Also book my order for 500 Lbs. of your Arsenate of Lead. We found it did the work last season, killing the bugs at the first spraying, while other kinds did not.

Yours truly,

C. E. GLOVER & SON.

ELECTRO ARSENATE OF LEAD POWDER MIXTURE

(Prices liable to change without notice.)

In 200 lb. Tubs	25c per lb.
In 100 lb. Tubs	26c per lb.

ELECTRO POWDERED BORDO-LEAD MIXTURE

Use this to control Bugs and Blight. Saves time and trouble and you are sure that the ingredients are mixed properly.

In 100 lb. Tubs 20c per lb.

Use 11 lbs. of the above to 50 gals. water.

**ELECTRO POWDERED BORDO-CALCIUM
MIXTURE**

In 100 lb. Tubs 18c per lb.
Use 11 lbs. of the above to 50 gals. water.

Add 2c per lb. to the above two items if you want less than 100 lbs.

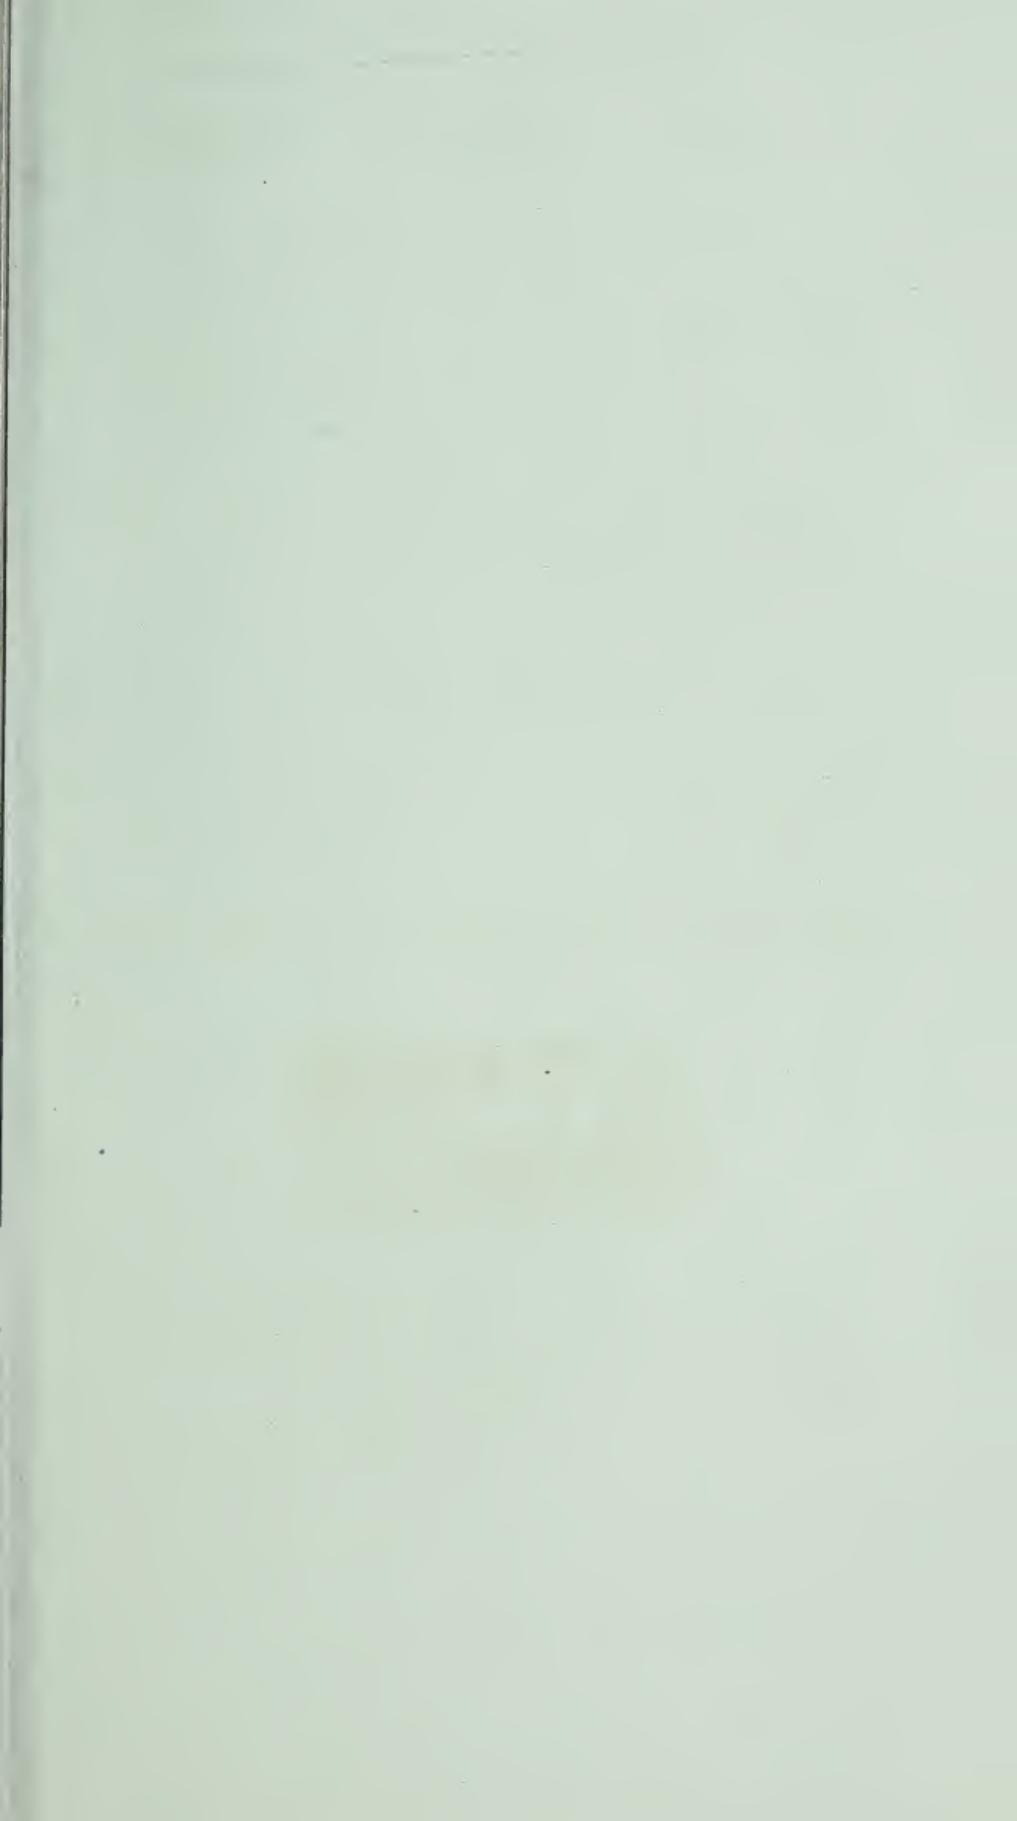

All the above prices are net cash. If you want 90 days' credit the price will be 1c per lb. higher than prices quoted

Let me know if in need of anything for Farm and Garden or Poultry yard, that is not listed in this book and I will do my best to get it for you as reasonable as possible, considering quality.

Faithfully yours,

RALPH W. STERLING.

I guarantee that I buy my Garden and Field Seeds from W. Atlee Burpee Co. of Philadelphia, Pa., unless otherwise stated, and my Grass, Clover and Alfalfa Seed from the Nungesser Dickinson Seed Co.

Address all communications and make all Checks and Money Orders payable to
